

Studio in the Woods is an ongoing educational programme with the intention to promote the exchange of architectural knowledge and skills through experimentation and direct experience.

Studio in the Woods is a four day summer workshop led by a group of award winning architects and engineers aimed at architectural students, practicing architects and a wider audience with an interest in place, landscape and the direct experience of making and working with materials to hand.

In 2010, Studio in the Woods will take place from the afternoon of Thursday 8 July until Sunday 11 July 2009 at New Barn Farm, surrounded by a vast area of hills, woodlands and fields on the the Isle of Wight.

Registration

The cost of the event is £220.00 and includes materials, full board and a tent pitch with access to amenities. For more information, full event and lecture programme and to register, please visit www.iowac.org.uk

Studio in the Woods Isle of Wight 2010 is made possible with the generous support of Charles Spence and Hannah Kenway of New Barn Farm. Catering by The Thoroughly Wild Meat Co.

Isle of Wight Architecture Centre

www.iowac.org.uk

The Isle of Wight Architecture Centre is an emerging platform for architecture on the Isle of Wight. It aims to provide a public forum for discussion through events, exhibitions, lectures as well as visits, tours and educational projects in the field of architecture, landscape and urban design. It is a not-for-profit organisation. For further information, please contact info@iowac.org.uk
